Commander Project 2017/2018 Priority to Our Veterans Now and Forever:

The Project will consist of the (3) Veterans Memorial Homes. My goal is to improve the facilities atmosphere and to enhance a better quality of life for our Veterans with much needed updated showers, televisions, recreational therapy supplies, bed scales, and chairs for recreation television room units, etc.

Vineland:

Two walk in shower systems. This would replace the old shower system to a more friendly system that has a seat and built-in hand-held adjustable nozzle showerhead which is easier for patients to use and staff to assist with showers.

Vineland Total cost: \$54,000

Menlo Park:

Is in need of (6) lower beds. This will make it easier for our veterans that have problems getting in a higher bed.

(25) New TV's for some of the rooms that have older or no TV's. This too will be an enhancement to their daily quality of life.

Recreational Therapy Supplies and Equipment:

- a.) Gravity Wonder Wall (\$4,100)
- b.) Vecta Deluxe Mobile Sensory Cart (\$6,300)
- c.) Tic-Tac-Toe Gel Pack (\$250)
- d.) Manipulative Fidget Discs (\$250)
- e.) Aromaharmony Bluetooth Diffuser (\$250)
- f.) Lower Level Functioning Tub – Easy Pack (\$600)
- g.) Tactile Fun and Games Easy Pack (\$600)
- h.) Jumbo Game Pack (\$200)

Menlo Park Total cost: \$27,500

Comfortable chair in residence television units (\$20,800)

Juke Box in recreational area (\$1000)

Paramus Total cost: \$34,100
