

## Logistician

**Reference Number:** FS-180705-Logistician

**Location:** North Carolina (**Actual position will be in Afghanistan**)

### Job Description:

EPS Corp is seeking a **Logistician** with expertise in supply chain management as it relates to the RAID Tower and Aerostat Program. In this role, you will provide on-site **logistics** support, oversight and coordination for supply of materials.

### Responsibilities:

- Coordinates activities to support provisioning and product deliverables, Material **Management** and **Supply** Support systems and processes
- Maintains accurate inventory control of assets and monitors customer requirements/inquiries.
- Perform inventories and ensure timely correction to discrepancies to prevent warehouse overages/shortages.
- Analyzes data to determine inventory change requirements.
- Analyzes information and coordinates with others to determine maintenance repair, and/or corrective action.
- Performs trend analysis and takes mitigating action to meet performance objective requirements.
- Performs periodic data reporting requirements and responds to ad hoc requests. Assists in the development of group policies and process improvement activities.
- Performs internal/external customer interface with regular daily communication. Identifies and resolves customer **supply chain management** issues and discrepancies.
- Supervise/Train personnel on proper supply discipline.

### Basic Qualifications (Required Skills & Experience):

- Experience interfacing directly with suppliers.
- 3 or more years of experience working in a **Supply Chain, Logistics** or Material **Management** Services (MMS) role.
- 3 or more years of experience with procurement systems and processes
- Knowledge of military **logistics** support systems and in-depth knowledge of Air Force Material **Management** Systems (SBSS/ESS, D043, DTOS, G081, and GOLD).
- Must be capable to work after hours and on weekends as needed.
- Must be capable to meet the minimum lifting requirement of 35 pounds.

- **This position requires an active U.S. Security Clearance.**
- **Proficient in MS Office**
