Public transit available.

Duties and Responsibilities

Shipper

Throughout Inductotherm's history, we have pioneered a number of "firsts" in our industry. We continue to grow in size and scope, creating and refining technologies that were scarcely theoretical, let alone practical, just a short time ago. It's inspiring to see how far we've come. We believe that some of our greatest moments are yet to be developed as we continue to make advancements.

Candidate will ship and load freights both manually and with equipment, check for damaged goods, verify the quantity and quality of the order and verify that the items are shipped with the order. Shipper may have to assemble and move received items, and receive, store or ship hazardous material. Previous Shipping experience is required!

Education:

-High School Diploma or GED

Essential Functions:

- Good basic math skills and able to read measuring devices: rulers, tape measures and formulas.
- Able to read shipping and receiving documents, including bill of material.
- Package objects for shipping.
- Able to use power hand tools to assemble pallets.
- Able to drive a forklift, electric pallet truck and use overhead crane
- Use computers and computer systems: UPS & FedEx.
- Read and understand information and ideas presented in writing.
- Maintain a safe working environment for oneself and co-workers at all times.
- Perform general housekeeping as required.
- Regular in attendance and able and willing to work a reasonable amount of overtime.
- Will handle miscellaneous duties as assigned.

Essential Physical Requirements:

- The physical demands described here are representative of those that must be met by an employee to successfully perform the essential functions of this job.
- Listen to and understand information presented through spoken words and sentences.
- Communicate information and ideas, both written and verbally so others will understand.
- Able to bend, reach, stand and climb for 8 hours.
- Capable of working 50 to 70 feet off the ground and not have a fear of heights.
- Quick hand and arm movement, or the movement of both hands to grasp, manipulate, or assemble objects.
- Able to distinguish between colors.
- Hold a valid driver's license and able to drive an automobile.
- Occasional travel on by public transportation including (i.e.: aircrafts, trains, bus, cars) domestically and internationally, as required.

Non-Essential Physical Requirements:

- Must disclose any surgical implants, pins, braces or other devices that could be affected by induction fields.
- The maximum weight to be lifted will be based on NIOSH (National Institute for Occupational Safety and Health) guidelines based on specific lift condition.
- Reasonable accommodations may be made to enable individuals with disabilities to perform the essential functions.

Condition of Employment:

- Must be able to satisfactorily complete the Inductotherm Corp. hiring process requirements which includes a comprehensive assessment, drug testing, and a background check.
