

Female Veterans Program

Through our new **Female Veterans Program**, Volunteer Lawyers for Justice is conducting the first legal needs assessment for female veterans in New Jersey. Our hope is to better understand the high-priority legal needs for female veterans and ultimately design a program to better meet those needs.

We are also hosting free legal information seminars on issues affecting female veterans throughout the state. We are still adding dates and locations for our remaining seminars in 2016 and would welcome the opportunity to discuss scheduling one for your organization and clients.
